**Subject:** Sims Redwood City -- Sediment Remediation

Hi, Rich, Happy New Year!

I wanted to let you know that, when I returned to the office after the holidays, I reached out to the Port to find out the status of the Risk-based Disposal Application. I was advised by Kristine Zortman, the Port's Executive Director, that TetraTech has been retained to conduct a peer review of the application and all related Terraphase materials. In addition, the Port's certification of the application must be approved by the Board of Port Commissioners. The action for approval is expected to be presented at one of the February Board meetings.

We'll keep you posted.

Thanks, Meg
